Princeton University
Princeton, New Jersey

Dear Mr. Fales:

Here we are with requests once more.

The last Bulletin (which was sent out a few days ago) tried to cover the events of the past months. The next issue has to be more up-to-date. It will be made on the 25th of this month, and sent out so that it reaches all colleges by November 1.

Will you send in, as soon as possible, a paragraph or two on what is going on. You know the sort of thing we want...some information about program developments, and anything you think is of interest to other schools. It doesn't have to be very long, but the amount that appears about Princeton in the Bulletin will depend upon what you send in.

Now, the next thing we need is a complete program schedule for one week. This is needed because every time an account asks us for availabilities we go to the files, and there we find information dating back to last March and April. We need this program information...it's of vital importance as far as advertising is concerned.

Hope to receive both items very shortly. Thanks in anticipation and best regards to Doc.

Sincerely yours,

Naomi Ross Fine
